

TENTATIVE SCHEDULING CALENDAR THROUGH DECEMBER 2010

The majority of our cases sit in our UNWK status for approximately 14 to 16 months before being prepared for hearing. Up until the time that the cases are prepared for hearing, all documents are maintained as case documents in the electronic file. Therefore, if you request a CD of the case while in UNWK, there will be no exhibits reflected.

Below, you will find the tentative schedule as to when cases will come up for hearing. Currently, for November 2009, we are hearing cases with Request for Hearing Dates in July and August 2008. There are still cases being heard with earlier onset dates. The cases being delayed include those being returned from Informal Remands and DQB reviews. Once these cases are received in our office and the Request for Hearing Date has passed, we expedite the pulling and scheduling of the case.

When our staff contacts you for scheduling purposes, please:

- Be prepared especially if you have requested an expedited hearing
- Be cooperative, and
- Be responsible for your claimant's whereabouts

We continue to have Judges from Atlanta Downtown ODAR conducting hearings via video. If you have a question or in need of assistance (perhaps a CD), please contact the owning office for assistance.
